## Who are we?

Tau Beta Sigma is an co-ed national honorary band sorority dedicated to serving college bands and the surrounding musical community.

You have likely seen us lining the fields, giving out snacks during games, fundraising for musical programs, and completing service projects to help serve the UMass Marching Band.

## What is DMA?

The George N. Parks Drum Major Academy, also known as DMA, is a nationwide summer academy for high school drum majors. It was founded by George Parks in 1978.

The program has helped students learn valuable leadership and musical skills that they apply to their own high schools.
